Interoffice Memo

TO: David Riter
Watershed Restoration Section
Department of Environmental Protection and Sustainability

FROM: David V. Lykens, Acting Director /signed/
Department of Environmental Protection and Sustainability
For the Stormwater Management Section

DATE: January 10, 2019

SUBJECT: Bird River DMP Site Rehabilitation
Stormwater Management Variance
Bird River Watershed
EPS Project ID: A107985
Tracking Number: 06-19-2890

This office has reviewed the information submitted and finds that a stormwater management variance can be granted for this project under Section 33-4-113 (a) (2) of Title 4 of the Baltimore County Code. This section of the regulations allows a stormwater management variance to be granted if there are exceptional circumstances such that strict adherence to the provisions of this article would result in unreasonable hardship or practical difficulty and not fulfill the intent of the regulations.

This project is for the rehabilitation of the Bird River DMP site. The existing cover conditions will be re-established once the project is complete. Although the disturbed area is in excess of 5,000 square feet, there will be no significant increase in impervious area as a result of this project.

Please contact Tony Okechukwu Ezirike, P.E. of my staff at 410-887-3768 should you have any questions.
